

COMMUNITY-ACCESSIBLE NALOXONE

POST PROGRAM

IMPLEMENTATION CHECKLIST

- Fill out Community Outreach worksheet either on your own or with Implementation Specialist to identify potential siting locations
- Identify areas that could be good for naloxone to be given to staff, put into a NaloxBox, a vending machine or given to peers
- Contact owner/operator/municipal agency responsible for location to get approval
- Assist location with draft policy if needed per company protocols (see attached draft doc)
- Develop monitoring strategy to ensure regular checks are being done by POST staff during each month
- Report any missing/used Naloxone to RedCap
