

# BROWN PAPER BAGS

To Discretely Provide Harm Reduction Resources

## BAG MAY INCLUDE:

- Pipes and safer smoking supplies
- Safer sex supplies
- Oral care supplies
- Harm reduction literature
- Business card of POST team member
- Naloxone
- Fentanyl test strips
- Syringes (for approved towns)
- Cookers, cottons, water, tourniquet
- Fidget spinners
- Snacks on top for privacy

## APPROACH

Hand the brown bag to the survivor and let them know they can use whatever is in there and either give away what they don't need or discard

## FAMILY

If family or social network member asks about the bag, explain they are materials given during every outreach to support health

**NOTE:** programs may decide to choose other kinds of bags or containers that are more relevant for their communities
