Approach Guidance:

Faith Settings:

- 1. This can be done in conjunction with Toolkit Item “Engaging faith leaders”**
- 2. Reach out to local faith leaders to let them know about POST program**
- 3. Offer to work with families or survivors who may need additional support**
- 4. Offer to give naloxone to be kept on hand at the church or given out to families that request it**
- 5. Ask faith leaders if they would be interested in accompanying you on outreach in specific situations where they may be helpful or needed**

Restaurants:

- 1. Contact local restaurant owners to tell them about POST program**
- 2. Offer naloxone and training for staff**
- 3. Sharps container installation**

Bars / Clubs

- 1. Contact bar/club owners to tell them about POST program**
- 2. Offer fentanyl test strips to be kept on hand, naloxone and training as needed**
- 3. Discuss siting of a NaloxBox and sharps container**

Schools:

- 1. Contact school nurses, social workers or guidance counselors**
- 2. Discuss current drug supply challenges, fentanyl in pills/powder cocaine**
- 3. Offer to stock the school with naloxone, to deliver trainings to students and staff**

Parks

- 1. At parks where overdoses have occurred, contact Parks Department to discuss the siting of a NaloxBox in the park**
- 2. Explain needle pick-up policy and offer for a sharps container to be installed**
- 3. Give phone number for pick-ups**

Publicly Accessible Restrooms

- 1. At public restrooms where overdoses have occurred, contact facility owner to discuss the siting of a NaloxBox in the area**
- 2. Offer to install Sharps Container**
- 3. Give phone number for pick-ups**

Allied Healthcare Facilities

- 1. Hospitals, outpatient clinics, primary care offices, specialist offices, surgical centers, dental care providers, behavioral health care offices are all places where overdoses can occur.**
- 2. Offer to install a NaloxBox and sharp container in lobbies or restrooms**

Construction Sites

- 1. Construction sites are known hotspots for stimulant use. Talk to management or site foreman about having Naloxone on hand in case of accidental overdose**
